

HONORED

IMPACT REPORT | 2020

OUR MISSION

Honored is a nonprofit organization dedicated to keeping great teachers in the classroom and to inspiring a new generation of talent to pursue teaching. We are committed to elevating the teaching profession by recognizing teachers across the country who are changing students' lives and by illuminating the unparalleled possibilities of a career in teaching.

OUR METHOD

Honored's innovative online platform empowers students and families to recognize great teachers. Each month, one exceptional nominated teacher receives the Honored National Teaching Award, which includes a \$5,000 cash award, a profile by a world-class writer and photographer, and \$1,000 to support other teachers through our partner, DonorsChoose.org. In addition, *every* nominated teacher is publicly recognized and celebrated on our Honor Roll.

THE RESEARCH

Independent research studies show that teachers who receive individualized recognition:

- 1 Are more effective and more likely to receive high satisfaction scores from students and parents.
- 2 Are less likely to suffer from burnout, a leading cause of attrition from the profession.
- 3 Plan to continue teaching for nearly 2x as long—thereby reaching even more students.

OUR UNIQUE APPROACH

STUDENT VOICES

Nominations are made by students and families because we believe that they provide the truest testimonials to a teacher's impact.

STORYTELLING

Each Honoree is profiled by a world-class writer and photographer to capture each teacher's unique story and share it nationwide.

THE HONOR ROLL

Our Honor Roll celebrates all nominated teachers so they receive the recognition that research shows keeps them engaged and teaching longer.

ONGOING RECOGNITION

Most teacher recognition is occasional, informal, and ad-hoc; Honored provides a continuous, formalized, and empirically effective system.

HONORED

“After winning the award, I felt a huge sense of accomplishment and pride. It gave my whole existence as an educator meaning.”

HONORED SCHOOLS

OUR LOCAL IMPACT: HONORED SCHOOLS

Our newest initiative, Honored Schools, brings our program directly into Washington, DC-area public schools. Honored Schools weaves recognition for teachers into the fabric of schools, resulting in better outcomes for students. At the end of the school year, one teacher from our partner schools is selected by a panel of our national Honorees as the Honored Schools Life-Changing Teacher and receives a \$5,000 cash award and local recognition.
